PART I GEOLOGICAL HISTORY AND WORLD
DISTRIBUTION OF THE DIPTEROCARPS It is well known
that the forests of the Malay Peninsula are very
closely related, ecologically and floristically, to those
of Borneo and the other islands of the Sunda Shelf!,
and that many typically Malayan genera occur as far
off as India, Ceylon, the Philippines, and New Guinea.

Dipterocarpaceae - Wikipedia

A Review Of Dipterocarps commission a general review of the current state of knowledge of dipterocarp taxonomy, ecology and silviculture, to identify gaps in this knowledge and to spell out priority areas for new research. This action accorded with the views of many members of the informal Round Table on Dipterocarps who had been A Review of Dipterocarps - CIFOR
