Article Review Papers

Usually, an article review contains a summary of the content, an evaluation of the text, and a presentation of the reviewer's personal understanding of the article. As a rule, the assignment asks the student to review an article that is hard to read and understand.

How to Write an Article Review: Full Guide with Examples ...

Many research disciplines feature high-impact journals that are dedicated outlets for review papers (or review-conceptual combinations) (e.g., Academy of Management Review, Psychology Bulletin, Medicinal Research Reviews). The rationale for such outlets is the premise that research integration and synthesis provides an important, and possibly even a required, step in the scientific process.

Guidance for Review Papers - News - Elsevier

An article review is a piece of writing where you summarize and assess another person's article. It entails a logical evaluation of the central theme of the article, supporting arguments and implications for further research. It is essential to understand the main points and arguments of the article for accuracy during summation.

Sample Paper Reviews - Paper Reviews - Academic Guides at ...

An abstract is a brief summary of your review. The abstract should include only the main points of your review. Think of the abstract as a chance for the reader to preview your paper and decide if they want to read on for the details.
