Asset Building & Community Development: Green, Gary Paul ...

Akira Drake Rodriguez. Community development refers to the broad set of skills and institutions that local communities utilize in an effort to improve the quality of life for all residents. This course examines the history of housing, economic trends, and social policies that have affected marginalized communities across the US, and the various ways through organizing and capacity building that community development professionals and activists have sought to improve these conditions.

Section 8. Identifying Community Assets and Resources

asset building | Community Development

Asset-based community development is a methodology for the sustainable development of communities based on their strengths and potentials. It involves assessing the resources, skills, and experience available in a community; organizing the community around issues that move its members into action; and then determining and taking appropriate action. This method uses the community's own assets and resources as the basis for development; it empowers the people of the community by encouraging them t
