### Organizing Academic Research Papers: Background Information

Definition. Background information identifies and describes the history and nature of a well-defined research problem with reference to the existing literature. The background information should indicate the root of the problem being studied, appropriate context of the problem in relation to theory, research, and/or practice, its scope, and the extent to which previous studies have successfully investigated the problem, noting, in particular, where gaps exist that your study attempts to address.

### This Is How to Write an Effective Research Paper | Grammarly

Answer: The background of the study provides context to the information that you are discussing in your paper. Thus, the background of the study generates the reader's interest in your research question and helps them understand why your study is important. For instance, in case of your study, the background can include a discussion on how socio economic factors influence learning patterns or the disparity in academic performance among learners of grade 12.

### **Background Information - Research Guides at University of ...**

A research paper is different from a research proposal (also known as a prospectus), although the writing process is similar. Research papers are intended to demonstrate a student's academic knowledge of a subject. A proposal is a persuasive piece meant to convince its audience of the value of a research project.
