Smarter Than You Think is excellent and necessary in its entirety, covering everything from the promise of artificial intelligence to how technology is changing our ambient awareness.” — Maria Popova, Brain Pickings “[A] lucid and distinctly hopeful study of the ways in which modern tools are changing how we read, think, write, and act.”

## **What is Thinking? - Changing minds**

Changing minds activity often needs to have a significant effect on how people think, yet it can be harder to change thoughts than we may hope. If we can understand how the other person is thinking, including when their reasoning is strong or weak, then we will have a far greater chance of persuading them.
