A Non-Contrastive Approach to Error Analysis | Error ...

Professor Richards Responds: I don't think there are any specific suggestions that result directly from error analysis. Error analysis has largely been replaced by other kinds of research in the field of Second Language Acquisition. However one of the general

conclusions that developed out of early work in error analysis was that errors are not necessarily signs of faulty learning, but are indication of a creative-construction process at work as learners test out hypotheses and abstract ...

Language ...

Question: Submitted by Sylvia, Brazil. Is contrastive analysis still relevant in language teaching? Dr. Richards responds: The contrastive analysis hypothesis (CA), states that where the first language and the target language are similar, learners will generally acquire structures with ease, and where they are different, learners will have difficulty.

Jack C. Richards. 4.29 · Rating details · 28 ratings · 0 reviews. The eleven essays in this book cover a wide range of topics from the role of 'interlanguage' and the influence of external factors on the process of language learning, to the development of syntax and the methodology of error analysis. Collectively they provide a valuable perspective on the learning process, which both enriches our theoretical understanding of the processe.

A Non-Contrastive Approach to Error Analysis 1 - OUP Academic

Studies of second language acquisition, however,

have tended to imply that contrastive analysis may be most predictive at the level of phonology, and least predictive at the syntactic level. A recent study of Spanish-English bilingualism, for example, states: 'Many people

DOCUMENT RESUME ED 037 721 Richards, Jack C. A Non ...

A Non-Contrastive Approach to Error Analysis. Richards, Jack C. This is a discussion of another phase of bilingualism--structural difficulties in the target language of the student which impede his second language acquisition. The paper focuses on errors in learning English which do not derive from transfers from another language, and which cannot be predicted from contrastive analysis.
