How the Brain Learns | David A. Sousa | download

It was David Sousa's How the Brain Learns book Series that is now in its 4th Edition (that includes How the Brain Learns, How the Brain Learns to Read, How the Gifted Brain Learns, and How the Special Needs Brain Learns) that I was given by an educator when I was urged to add the most current brain research to my programs. When reading this series, I was told from other respected colleagues that this book series is one that every educator should read.

(PDF) How the Brain Learns by David A. Sousa | Harold D ...

Sousa did an excellent job of explaining how the brain functions, why this matters to learning, and how to adapt teaching to the brain's learning methods. It is filled with activities to try in the classroom and suggestions for planning that will aid in classroom management and student retention. A very informative read.
