Our Complete Infertility Journey (IVF, stillbirth, hope ...

Our Infertility Journey. Most people don't think infertility is in their future. Some of us may have irregular periods or menstrual pain that make us wonder how easy it will be to try to conceive. However, those factors alone don't guarantee somebody will struggle. Personally, I had no physical indications that I'd become an IVF warrior.

Documenting IVF journey? | Mumsnet

My Fertility and IVF Journey My fertility journey has been rough. Part of me longs for the "normal" journey to baby that I've heard so many women go through, but the deeper I get into this world of IVF, infertility, and now pregnancy, I fully realize there is no "normal." My fertility story began at the age of 36.

Our Fertility Journey: Episode 1 - YouTube

A bit less invasive an In Vitro Fertilization (IVF), an IUI is a procedure where sperm is washed (they pick the BEST swimmers in the batch) and then placed directly inside your uterus during the time of ovulation. To clarify, this would have used my husband's sperm and my eggs BUT you can also do this with sperm donors.

Our Fertility Journey

Lots of couples do this on Instagram. Have a look at the hashtags #infertility and #ivf - lots of people don't want to document their journey but some do- perhaps it is therapeutic for them, perhaps they want others to know they are not alone, and if successful the record of their journey might give others a little hope.

Infertility Success Story: Our Personal Journey to Parenthood

Dealing with infertility and having to undergo IVF (in vitro fertilization) is very stressful. Nothing can truly prepare you physically, emotionally, and financially the

We have already had a lot of questions from friends on social media and so we wanted to be able to have our blog as a resource for anyone else going through infertility.

My IVF Journey - Infertility

The doctor at the new fertility clinic told us that there may be hope with In Vitro Fertilization (IVF). IVF is the process where an egg and a sperm are fertilized outside the body and nurtured for three to five days in a petri dish until it is implanted in the woman's uterus.

Infertility Journey - It's a Buzz World

Of Course, infertility goes, our fertility journey with third-party reproduction was such a roller coaster. My cousin did her egg retrieval in October of 2019 and they ended up retrieving 30 eggs. As someone who can typically count the number of eggs retrieved on one hand, this was so exciting!
