What year is the truck? I can tell you the E7 is a much better engine than the ASET Mack used from 03-06 which have a lot of problems and will eat you alive. Honestly I would still to a pre emission truck which will be anything older than a 2002. Double L, Feb 3, 2010. Double L, Feb 3, 2010 #2 + Quote Reply.

The truck rides great but is totally gutless compared to an MP8. I know the older Mack engines liked their higher revs, but you can't keep it up high with a 10spd. When I'm pulling 75k with that truck it's laughable trying to get up to 65mph. Climbing out of the big hole in 9th and 10th is about like watching the grass grow lol.
