region, particularly in Iraq, Libya and the Syrian Arab Republic; (b) complex irregular migration flows, driven by a mix of economic and other factors, within and transiting through the region, particularly to and through North Africa and ...

### **Migration Out of Middle East Appears Unlikely to Ease ...**

Between 2005 and 2015, the number of migrants living in the Middle East more than doubled, from about 25 million to around 54 million, according to a Pew Research Center analysis of data from United Nations agencies. Some of this growth was due to individuals and families seeking economic opportunities.

### **Desperate Migration in the Middle East | YaleGlobal Online**

Yet, migration is key for development across countries in Africa and the Middle East and it may seem paradoxical that they collaborate with European partners to reduce migration and increase returns. While studies thoroughly scrutinise these policies in continental Europe, the incentives and impact beyond Europe have largely been unexplored.
