Risk Society is a novel written by Ulrich Beck. It focuses on his risk society hypothesis, which is mainly about risk in postmodern society. He talks about how risk evolves and changes from generation to generation, and as time evolves so does the time period's interests and shared meanings.

Risk Society - an overview | ScienceDirect Topics

Risk society is the manner in which modern society organizes in response to risk. The term is closely associated with several key writers on modernity, in particular Ulrich Beck and Anthony Giddens. The term was coined in the 1980s and its popularity during the 1990s was both as a consequence of its links to trends in thinking about wider modernity, and also to its links to popular discourse, in particular the growing environmental concerns during the period.
