The Air Campaign: Planning For Combat by John A. Warden

To be ready for future challenges, the Air Force is reviewing and reevaluating how it plans and executes air operations in support of theater campaigns. Project AIR FORCE researchers at RAND interviewed planners at U.S. Air Force organizations—at home and abroad—to gain insights into air campaign planning and how the process might be improved.

Donald Trump's use of Air Force One mixes business and ...

The pre-CTEM plan (i.e., the solution generated for the air superiority planning problem) contains two kinds of primitive actions—activities for each target selected for attack, and support missions for all activities not involving direct attacks on targets. The post-CTEM planning process takes as input groupings of these target activities into
