O'Shea's goal is to demonstrate how the Alps — thousands of peaks from France to Slovenia which were the result of "the violent collision of European and African tectonic plates over millennia" —...

Amazon.com: The Alps: A Human History from Hannibal to ...

There is plenty of history along the way from all eras of human development - this is not a deep history book, but it shares plenty of information about how the Alps shaped the development of Europe, humanity and culture. Perhaps the only critique I can make is that the Renault Megane, even the RS, is a hot-hatch, not a muscle car.

History of the Alps - Wikipedia

A thrilling blend of contemporary travelogue and historical narrative about the Alps from “a graceful and passionate writer” (Washington Post). For centuries the Alps have seen the march of armies, the flow of pilgrims and Crusaders, the feats of mountaineers, and the dreams of engineers?and some 14 million people live among their peaks today.

The Alps: A Human History from Hannibal to Heidi and ...

In the western Alps, O'Shea weaves together the destinations with 19th century English literature, in Italy with Risorgimento and later history, and in the German lands with the tragic 20th century history that was in some ways a culmination of the same romanticism that drove the earlier events.

The Alps: A Human History from Hannibal to Heidi and ...

Alps - Alps - Climate: The location of the Alps, as well as the great variations in their elevations and exposure, give rise to extreme differences in climate, not only among separate ranges but also within a particular range itself. Because of their central location in Europe, the Alps are affected by four main climatic influences: from the west flows the relatively mild, moist air of the ...
