change. The killing of George Floyd is not an isolated incident, but another event in a long history of state violence and brutality toward people of color in the United States—a ...

The Oral History Manual by Barbara W. Sommer

Oral history is the systematic collection of living people's testimony about their own experiences. Historians have finally recognized that the everyday memories of everyday people, not just the rich and famous, have historical importance. If we do not collect and preserve those memories, those stories, then one day they will disappear forever.
