Weird: Truth is Stranger than Fiction. If the star of Ghosts is Christopher Lee, then the star of Weird: Truth is Stranger than Fiction is the secret underground laboratory where the game takes place. The back of the box for Weird promises "3000 screens of extreme weirdness," and it delivers. The laboratory in Weird resembles a prison where paranormal objects have been locked away for ...

Anthology series focusing on the supernatural. Winston Essex opened each episode by taking the audience into his spooky old mansion and introducing the plot, which could range from a vampire preying on college students to a ghost haunting a house to an old man using voodoo against his own family. On January 5, 1973, the series changed its title to "Circle of Fear", the Essex character was no longer part of the show, and the stories didn't always feature supernatural themes

Moth to Fire. Teach your kids that what they put in their brain will stay in their brain. There is a weird moth to fire phenomenon with the fear of ghosts and the paranormal. The same kids I treat for anxiety around the paranormal are drawn to the paranormal. I know that doesn't make sense, but it's true.

Bing: Weird Science Ghosts Of Fear

Fear of ghosts—also known as spectrophobia or phasmophobia—most obviously stems from our fear of the unknown. This is a deep-seated fear that is hardwired into our genetic makeup. The primitive parts of our brain that respond to instinct—a holdover from our cave-dwelling ancestors—flush our bodies with adrenaline when we encounter a threat, preparing us to fight or flee.
